

UPDATE 4:30 PM

BE SAFE AND SUSTAINABLE

If you are leaving or traveling around the region now that the Eclipse is over, please exercise caution on the roads. Many visitors will be leaving the area over the next few days, and there may be higher levels of traffic and congestion than normal.

Pack It In, Pack It Out

Please help keep public lands clean, and leave no trace of your visit.

SEE YOU NEXT TIME ;)

TOTAL SOLAR ECLIPSE

Monday, August 21, 2017

STATUS

Traffic on Highway 89 has been very heavy since the conclusion of the Eclipse. Travelers should exercise caution, and stay put, if possible, until congestion disperses.

The Jackson Police Department and the Teton County Sheriff's Department are directing vehicles in town to assist traffic flow.

Eclipse events across Teton County were well attended and successful, and clear skies made for great viewing.

Teton Village, Grand Teton National Park, the National Elk Refuge, and Bridger-Teton National Forest were extremely busy, hosting thousands of visitors and national media outlets.

THANK YOU!

This incredible celestial event was a beautiful and unique opportunity for residents and visitors alike. Conditions were ideal, and the Eclipse proceeded area-wide without any major incidents.

All of the agencies and organizations involved in local planning for the Eclipse would like to extend an enormous thank you to residents, businesses, non-profits, and volunteers. Planning, preparation, cooperation, and collaboration over the last year created a wonderful setting and experience for everyone involved.

Thank you for making our community such a special place.
